

Child of God Lutheran School is in its 20th year of educating children in the context of God's love expressed in Jesus and His faithfulness in fulfilling His promises! This year's theme verse reflects God's nature manifested through us – His children!

*"Let not **steadfast love** and **faithfulness** forsake you; bind them around your neck; write them on the tablet of your heart. "* (Proverbs 3:3)

At Child of God we desire to provide:

- **Academics** – to teach and prepare children to succeed at whatever their next level of education is.
- **Christian Foundation** – to foster students who know how much God loves them as they also become students of the Bible.
- **Tuition assistance** – to provide education for current and future generations of children at Child of God.
- **Diversity**- to be a picture of the Heavenly Kingdom – one that includes the vastness of culture, economics and abilities.

Carrying out ministry and education in Christ is as fulfilling as it is challenging. It is impossible to imagine where Child of God would be without the generous financial blessings and sacrifices made by the families and friends for the sake of this ministry in the first 20 years.

Please pray for Child of God faculty, staff, students, parents, and volunteers!

Consider how you might volunteer with Child of God making a difference in young lives!

Part of the celebration of our 20th year of Child of God is "**The 20/20 Challenge**". The Mission Board of Child of God set a goal of **an extra \$20,000** to meet the needs of the school and church ministry. The suggested challenge is to give an extra **\$20 each week for 20 weeks**. We understand that some may be able to do more while others may find the challenge beyond their means at this time. Consider other unique ways that you can connect to the **20/20 Challenge** and participate. Financial gifts can be given in worship or chapel offerings – look for special 20/20 envelopes for these gifts. Additionally, contributions can be made electronically on this website. Go to "About Us". Click on "Electronic Giving". Select "Mini Capital Campaign" and proceed with your donation amount.
