## K-8 TUITION & GRANTS 2026-2027

Child of God is committed to making Christian education accessible for all families. As such Child of God Lutheran School provides a mission-driven investment that lowers the true cost of education for every student. This educational cost offset is made possible through the support of our congregation and donors, allowing us to offer tuition well below the actual cost to educate. In addition, a multi-child subsidy is provided and financial aid is available to help make Christian education accessible and affordable for families with more than one child enrolled.
